TPC Scottsdale

HOLE-BY-HOLE OVERVIEW

In 2014, TPC Scottsdale's Stadium Course went under the knife for the first renovation project since the club opened in 1987. The makeover included the relocation of four greens, resurfacing of all other greens, reshaping and re-grassing of all tee boxes, relocation and reshaping of all bunkers, replacement of cart paths, and desert landscaping. The strategic and aesthetic changes added a little more drama to the layout, and many holes experienced significant changes in scoring from previous years — with Holes No. 2 and 14 playing decidedly harder while the par-3 12th was much easier in 2015.
